THE BARRIERS

- The barriers work by reading the registration plates.
- Drive forward slowly in front of the barrier until the white line on the ground: the barrier opens automatically.

THE GREEN GATES

- Drive in: the reader is located on the width of the wall on the left.
- Drive out: drive forward until the white line on the ground and the reader is located on the wall on the right.

THE WICKET-DOOR

- Entry: put the bracelet-key against the reader by putting your hand through the hole and push the door.
- Exit: put the bracelet-key against the same reader and pull the door.
